GOLDEN CROWN KIDS

Ranger Street 128, Eersterus, Pretoria, 0020.

Tel: (012) 806 9606.

Golden Crown Kids started in January 1997. The school is situated in a poor area with many neglected children.

The vision of Golden Crown Kids is to be a place where these children for a poor community can be accommodated to provide them with an equal opportunity in life and keep them off the streets. They wish to provide a quality school readiness program and thus provide these pre-school children with fair education opportunities.

Golden Crown Kids is under the management of Margarietta Lember. She is assisted by her husband on a full-time basis. There are 2 learners in grade R and 18 younger children. The centre is accommodated in the sitting room and lunch room of her house, with enough space.

The centre experienced very positive attitudes and support from the local community.
