

Kiddies Nest Pre-school
29 Fransman Street
Promosa
2531 Potchefstroom
Tel: 083 882 0795

Mrs Nellie Stout established Kiddies Nest Pre-school in March 2000. After a thorough training in ECD, as employee of Nyologang, and a responsibility of training pre-primary school teachers, she started the centre with her own two children in a shack in her back yard. Shortly afterwards she manage to hire the church hall of the Church in Promosa. Her school grows in a sustainable way and presently 105 children, of which 50 are in grade R program, attends Kiddies Nest Pre-school. The children is cared for and supported by 5 teacher assistants.

Mrs Stout finds the eCindi program of high value. According to her the program supports the development of aspects such as attention span, the big and small motor movements, social interrelations and independency. She notes that the work book is of great importance and it continuously refers back to the work on die DBD's.
