PIKKEWYNTJIES DAY CARE CENTRE

410 Abrams Avenue, Eersterus, Pretoria, 0020.

Tel: (012) 806 4668.

Pikkewyntjies Day Care Centre started in January 2003. The school is situated in a poor area with many neglected children.

The vision of Pikkewyntjies Day Care Centre is to be a place where disadvantaged children from a poor community can be accommodated to provide them with an equal opportunity in life. They wish to provide a quality school readiness program and thus provide these pre-school children with fair education opportunities.

Pikkewyntjies Day Care Centre is under the management of Monica May. She is assisted by one teacher assistant. There are 15 learners in grade R and 30 younger children. The centre is accommodated at Monica's house in three classroom with enough space for a play ground.

The centre experienced positive attitudes and support from the local community, but no financial support from any where.
